La Prensa Texas

This grass roots publication is the life source for a community that is not easily afforded viable access to diverse and accessible media. San Antonio and the surrounding counties have become accustomed to relevant news brought to them in both English and Spanish since 1913.

The Social Being

Let's Talk About It

Recent Events; Is This A Prequel Of What's To Come?

By Yvette Tello

The recent terrorist attacks in New Orleans and Vegas raise alarming questions about the state of security in the U.S. and whether these incidents are indicative of a troubling trend. Meanwhile, the significant breach of the U.S. Treasury by a major Chinese cyberattack could be seen as an act of war, highlighting vulnerabilities in national defense against cyber threats. On the political front, Trump's endorsement of Mike Johnson might be a pivotal moment for Johnson's campaign, but it remains to be seen if it will be enough to secure his position amid growing challenges. Additionally, the question of whether a President-elect should be held liable for sexual assault is a critical topic, sparking debates about accountability and ethics in leadership. What are your thoughts? Let's talk about it...

Ram Dls: "He is our president nothing to talk about #Trump."

Robert Vasquez: "Do you really think that lady was sexually assaulted ? Come on now ...his kind of money is in the 1 percent league of people. They get the best not the ugliest. One of the best Presidents in American history. I'm hoping he starts deporting a lot of illegal felons soon. And that wall needs to be an electric shocking wall to keep out the illegals. Illegal Mexicans have always been an issue. That's a reality with facts."

Maddog Garcia: "Once your eyes are open. you can never unsee what you have seen. Clearly the media is still trying to sell something that no one wants to buy."

Gene A. Gomez: "I think the law should apply to all without prejudice. Anyone of us would be held liable. But we live in a country where a convicted felon can't vote but apparently can run for POTUS. The border will never be completely fixed. There's the illusion that it's a problem but it'll always be a political tool to be used no matter who sits in White House."

Erma Garza: "It's a Trump thing!"

David Katakalos: "As the social world becomes more digital, loneliness, depression, and fear/anger will continue to transform global society into less literate, and devoid of critical thinking, mindsets, resulting in more tribal/cellular belonging-ness to factions that become more vehement in their attachments and proclivity for violence and subterfuge. The value of science and logic will continue to erode exponentially."

Steve Morgan: "Best wishes for the New Year from the Holy Land for everyone."

Robert A Williams: "Seems like the traitors on the left are trying to build up the courage to try to stop the transfer of power by creating an event then declaring martial law."

Helen Chouinard: "When you advocate hate, this is what happens. It will be a long tough 4 years."

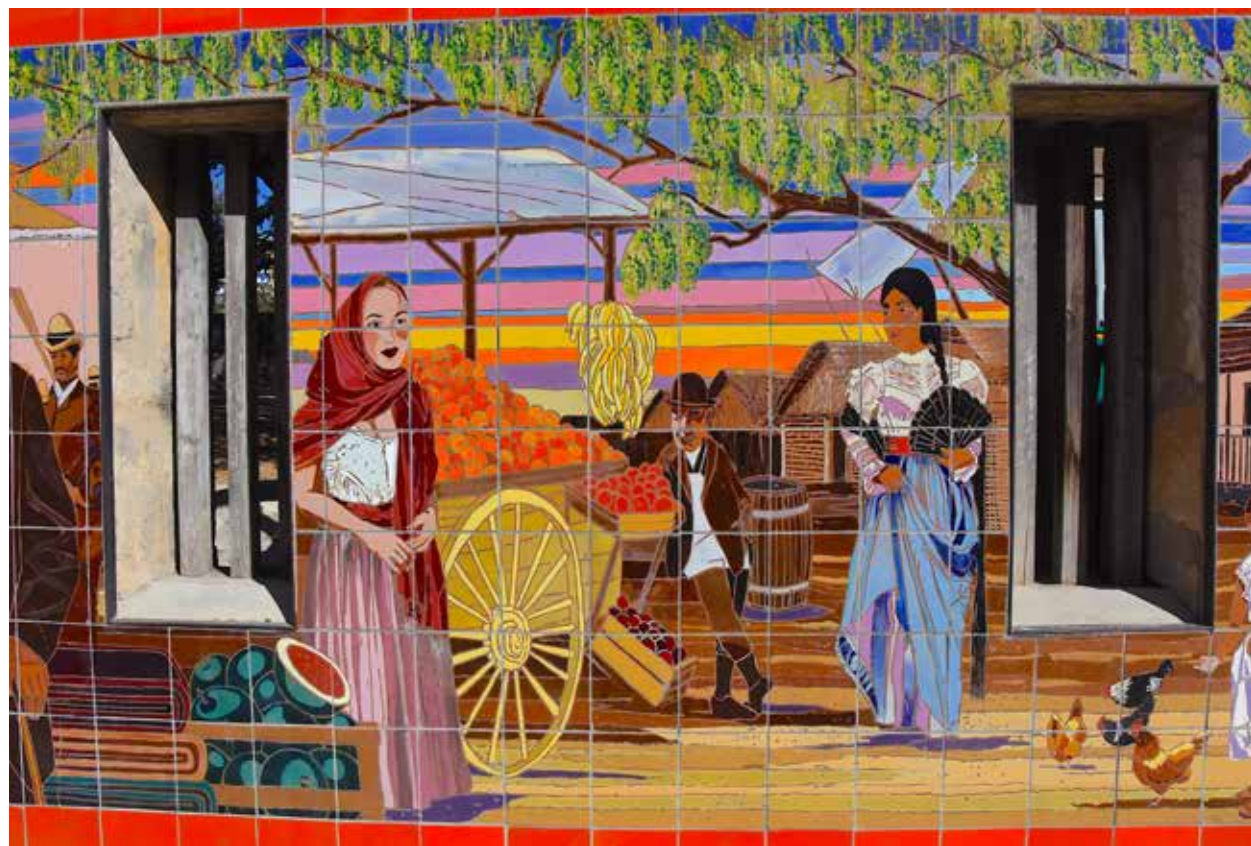

Alex Deimel: "The people I have seen advocate hate are Democrats!"

Karen Carter Hadden: "No one denies Trump has his faults, but our SWAMP is so big and corrupt, it takes a guy like Trump to expose these gross injustices under the table deals that have been happening. He's got balls and is doing what's good for America. He is 100% better than the alternative option we were given. Just saying... Who wants an airhead to run our country ? We are in a safer America now."

Whittie Vince Capone: "I think the realization for America is not only the individuals that arrive through immigration process legal or illegal that are connected to terrorist organizations furthermore, to include home grown terrorists sleeper cells waiting to activate and cause harm like yesterday's events. I don't know if you remember back in 1993 when there were Middle Eastern pilots that would sit in VIP being trained by the US military here in San Antonio. Years later some of the 911 suspects were later identified as Saudi descent and possibly trained to fly here in the US. It's all part of the scheme to disrupt our freedom and liberty. All connected somehow."

Living Heritage Trades Academy

Courtesy of the Office of Historic Preservation

In 2024, the Living Heritage Trades Academy (LHTA) continued transforming lives through its workforce development model, advancing the mission to perpetuate traditional crafts, conserve housing stock, and promote economic prosperity. Apprentices gained hands-on experience in wood window restoration, carpentry, and deconstruction, making meaningful contributions to the rehabilitation of homes in San Antonio's west and east side communities.

These projects, completed in partnership with Family Service, San Antonio College's Architecture Department, and the City of San Antonio Neighborhood and Housing Services Department, received vital support from our valued partners, including Family Service, the National Trust for Historic Preservation, and the Texas Historical Commission. Beyond preserving San Antonio's historic structures, LHTA empowered apprentices with practical skills, confidence, and pathways to sustainable trade careers.

As we look to 2025, the Office of Historic Preservation is deepening its commitment to increasing access to training opportunities and expanding its impact. By offering free, paid apprenticeships that

include hands-on and safety training, we are breaking down barriers and opening doors for individuals seeking economic stability and personal growth. Apprentices have shared stories of newfound purpose, pride, and the ability to provide for their families, underscoring the life-changing potential of this program. With new projects and partnerships on the horizon, LHTA is not just preserving history but also building brighter futures. Together, we can make 2025 another year of transformation and opportunity!

Noah Silva Cumplió 10 Años

Por Franco

El pequeño caballero Noah Silva, recientemente arribó a su décimo cumpleaños.

Por tan importante motivo su mamá Fátima Silva y sus abuelos los estimados esposos Nora y Víctor Silva, dueños de “Tacos Al Minuto”, le ofrecieron

colorida fiesta familiar en el hogar de sus tíos Perla y Víctor Silva Jr. (El Perro).

Noah acompañado de familiares e invitados se divirtieron con juegos de su preferencia y a la vez disfrutaron deliciosa cena y alusivo pastel ‘Niño Envuelto’ de cumpleaños.

Los deliciosos platillos

fueron , Tamales de puerco y pollo, acompañados de arroz, y frijoles borrachos.

Al final del evento social, invitados recibieron bolsitas con golosinas y a la vez saborearon el delicioso pastel.

La feliz mamá Fatima y sus padres, agradecieron la asistencia de familiares

y amigos. Noah recibió bonitos regalos de sus tías; Brenda, Yudith, Yaneth y Yoana, y en especial de su tío Víctor Jr.

Cabe destacar que Noah, desde pequeño ha sido consentido por equipos de beisbolistas en diversos circuitos de San Antonio, donde sus abuelos han

aportado sus servicios con su extenso menú que familiarmente los ubica únicos en la gastronomía deportiva.

En las fotos aparece Noah, frente motocicleta, con grupito de invitados. Con mamá y abuelos y junto a su pastel.

(Fotos de Franco).

Protege tu salud.

En esta etapa de la vida, no hay nada mejor que hacer las cosas que más te gustan. Pero es importante que te protejas contra la gripe y el COVID-19, que podrían enfermarte gravemente.

El año pasado, estos virus mandaron al hospital a más de un millón de personas. Y a mayor edad, mayor riesgo. Las vacunas son tu mejor defensa para seguir haciendo lo que más te gusta. Vacúnate hoy mismo.

Flooding, Heat Islands, and Air Quality: Resiliency for San Antonio's Most Vulnerable Communities Jan. 13 at 6 p.m

Courtesy of the GEAA

The Greater Edwards Aquifer Alliance is featuring a panel discussion on addressing resiliency for San Antonio's most vulnerable communities for predicted impacts of climate change of flooding, heat islands, and air quality. Panelists will include City of San Antonio and Bexar County staff and/or elected officials, neighborhood and advocacy groups. The event will also feature tables for guests to visit and learn about GEAA's member organizations. We hope you will join us in this important community conversation.

Native Prairie Restoration Workshop for BIG or small spaces Jan. 11 at 9a.m

Courtesy of Cibolo Center
for Conservation

Join us for two information-filled hours on tips and resources for a successful native plant restoration. We'll discuss how to know if more diversity should be added to the plant community, where to find information on what seeds should be planted, how to prepare the seedbed, how to plant, and what to expect after the planting.

Sometimes, native prairie restoration can be achieved without adding new plants but through the reduction of noxious or invasive plants in the landscape. We'll discuss simple ideas to combat these unwanted species!

Presenter: Dr. Megan Clayton

Light snacks and refreshments will be provided.

Why you need dental insurance in retirement.

Medicare doesn't pay for dental care.¹

As good as Medicare is, it was never meant to cover everything. If you want protection, you need to purchase individual insurance.

Early detection can prevent small problems from becoming expensive ones.

The best way to avoid large dental bills is preventive care. Experts recommend checkups twice a year.

Previous dental work can wear out.

Your odds of having a dental problem only go up as you age.²

Treatment is expensive — especially the services people over 50 often need.

Unexpected bills, like \$190 for a filling, or \$1,213 for a crown³ can be a real burden, especially if you're on a fixed income.

When you're comparing plans ...

- ▶ Look for coverage that helps pay for major services.
- ▶ Look for coverage with no deductibles.
- ▶ Shop for coverage with no annual maximum on cash benefits.

Simply put – without dental insurance, there may be an important gap in your healthcare coverage.

Uresti Takes Oath for Fourth Term as Tax Assessor-Collector

By **Lisa Anderson**

Albert Uresti, Bexar County Tax Assessor-Collector, will be sworn in Friday, December 27, 2024, at 4:45 PM at his downtown Tax Office in the Vista Verde Bldg, 233 N. Pecos La Trinidad.

Judge Ron Rangel will administer the oath of office for Uresti, and Pastor Jimmy Robles will deliver the blessing and invocation.

“Let me begin by saying that I am honored to have been elected to a fourth term, with over 82% of the vote, as

Bexar County’s Tax Assessor-Collector. I am also very proud of the many things we have accomplished during our first twelve years,” said Albert Uresti, Bexar County Tax Assessor-Collector.

Some of the improvements made during Uresti’s first three terms include improved customer service, shorter faster lines, newly installed seating, and a queuing number calling system.

Uresti is also proud of how the Tax Assessor-Collector’s office

has become more accessible, responsive, efficient, and customer-oriented. Other improvements include online payments and making their website and phone system more user-friendly.

“Bexar County offers the most property tax payment plans in the State of Texas, including the only 10-Month Payment Plan in the State of Texas for senior citizens, disabled citizens, and disabled veterans. We are very proud to have received

a Best Practices Award from the Texas Association of Counties for this program, as well as a National Award from the National Assn of Counties. This is one of five National Awards our Office has received,” stated Albert Uresti.

Automatic deductions, low credit card and debit card transaction fees, free checking and savings transactions, increased hours of operation, and aggressive outreach programs are also some of the other Tax Office

accomplishments.

“One of our major accomplishments was being the only Tax Office out of the 254 Counties in Texas that incorporated the HAF Grant Program into its operations, which helped families affected by COVID. Bexar County was #1 in the State in Property Tax Assistance, Families Served, and Utility Assistance. We were also #2 in mortgage assistance. Assistance. We were also #2 in mortgage assistance.
